FOR IMMEDIATE RELEASE
December 2008

Burlington County Endoscopy Center Commencement of Operations

The physicians of Gastroenterology Consultants of South Jersey are pleased to report the commencement of clinical operations in November 2008, in their new, three-room Lumberton, NJ endoscopy center.

Jeffrey Kutscher, MD

“Patient feedback to our new facility is far beyond our group’s expectations. Having practiced office-based endoscopy for the past ten years, the bene-

fits we enjoy from our new state-of-the-art EASC are substantial. In hindsight, I wished we had developed a center years ago,” said Jeffrey Kutscher, MD, who serves as the facility’s Medical Director as well as a member of the Board of Directors for the facility.

“We are thrilled with our partnership with Gastroenterology Consultants of South Jersey. Their new EASC represents the 16th partnered facility to join the PE family. Both physician group

John Poisson

and facility are top-notch, and we are proud of the strong business plan that is being implemented

to steward the growth and success of their new facility,” stated John Poisson, Executive Vice President, Physicians Endoscopy, who also serves as a member of the Board of Directors for the facility.

Physicians of Burlington County Endoscopy Center

Monica Awsare, MD

Lee deLacy, MD
