

2012 is the year to
take advantage of the
value of you ASC.

Don't miss out!

OPPORTUNITIES
AVAILABLE FOR SEV-
ERAL EQUITY MODELS
INCLUDING MAJORITY
AND MINORITY
INVESTMENT.

Physicians Endoscopy (PE) is looking for select ASCs to acquire either in whole or part.

If you are an owner in a GI ASC and have considered an acquisition opportunity PE is interested in talking to you.

Now is the time to take advantage of these two opportunities.

- PE offers flexible acquisition models
- PE pays attractive multiples for minority and majority ownership
- Physicians retain control of their center, regardless of the amount of equity sold to PE
- Act now and take advantage of an attractive capital gains rate.
